THE HON. SRI N. RANGA REDDI:—" The non-official element of the Rayalaseema Development Board consists of 5 members of either House of the Legislature (one from each of the five Rayalaseema districts), five members of the public (one from each of those districts), and not more than five members of the State from among those who are actively interested in the development of the Rayalaseema districts. Nominations of the non-official members of the Board have been made with reference to the suitability of the persons to represent the views of the public of the Rayalaseema districts and also the needs of those districts."

SRI K. KRISHNA RAO:—" While the Transport Committees have been cleared of non-official elements, may I know whether it is a fact that the non-official element in this particular Board is being continued only in order to give a berth to some of the Congressmen who have lost the confidence of the people and who have lost in the recent elections?"

THE HON. SRI N. RANGA REDDI:—" No, Sir."
